

## Crossroads4Hope / Support for Families

### Helping you and your family through your cancer - every step, every day

Our **Crossroads4Hope Support4Families** program takes a family-centered approach to care - working with you and your loved ones to best fit your needs throughout your cancer journey.

We provide individual, family, and group support for children, teens, parents, and caregivers, as well as education, wellness, and social events for you to connect with others impacted by cancer.

**Our services and programs are offered at NO charge to our members.**

#### Who We Help

We help families impacted by a cancer diagnosis or a loss, pediatric or adult.

We also help professionals working with children, teens, and families throughout the cancer journey.

#### School-Based Support

We provide school communities with critical education, tools, and resources to cope with a cancer diagnosis or loss.

Our services include: school re-entry assistance, group support, and crisis response.

#### How We Help

Our team of Certified Child Life Specialists and Social Workers educate, empower, and engage you and your loved ones, offering support, strength, caring, and community when you need it most.

#### Resources for Professionals

We offer support, education, resources, and referrals for frontline workers and caregivers navigating a cancer diagnosis or loss in your community or work environment.

#### Financial Assistance

Through our partnership with the Jason P. Schaible Memorial Fund, we are able to assist with unmet financial needs for families impacted by pediatric cancer.
